What We Are Learning

Language Arts

We practiced reading and spelling words with r controlled vowels - ar. We worked on making and confirming predictions when reading a story. In grammar we reviewed irregular plural nouns and discussed words that join when writing sentences. Our main story was A Lost Button.

Math

We reviewed and completed Topic 9. We have now started work in Topic 10 - Use Models and Strategies to Add Tens and Ones. We learned that adding groups of 10 is similar to adding numbers less than ten. We used mental math to add tens to a two-digit number and used a hundred chart to add tens and ones.

Religion

We completed Unit 3 in our religion books. We are learning that Jesus taught us how to pray. He taught us that we can pray anytime and anywhere.

Science

To complete our Unit on Living Things, we learned that all animals and humans have the basic needs of air, water, food, and space. We explored how animals and humans meet these needs.

Vocabulary Words

four
large
none
only
put
round
trouble
whole
