

Kindergarten News by Mrs. Layman

What Are We Learning in Language Arts?

We have added the **long o** sound in words, with a bossy **e**, to our knowledge base! During literacy centers we have been making spring word books and also answering comprehension questions about a reading passage. Another new undertaking is the use of chrome books during literacy centers. The kids are starting to rotate through this station and play on Scootpad to practice computer/language arts skills. The kids are all really excited to take a turn!

Here are a couple of girls learning on the Chrome Books!!!Fun!

What Are We Learning in Religion?

The kids are still reading daily devotions. We also viewed the "He is Risen" video from our religious DVD collection.

What Are We Learning in Math?

The class has been continuing with 2D and 3D shape review. We went on a shape walk through the school and spotted all kinds of real life objects that are of the shapes we've been discussing!

Extra News

The Kindergarten class will be putting together a *movie night* gift basket for our Church fundraiser this summer. Look for a more detailed description to come home next week. It will be for the Strawberry Fest!
