

## Kindergarten News by Mrs. Layman

### What Are We Learning in Language Arts?

This week I am testing each student on their letter naming and sounds. This will be reported to you for mid-terms and also again in report cards. The class also played an alphabet game called, ***I HAVE...WHO HAS*** that allows for everyone to have a letter card and listen for their letter to be called. We will try to complete the game quicker every time we play it!

Here is Cole smiling as he puts a band aid on his Humpty Dumpty craft!

### What Are We Learning in Religion?

The kids have been discussing ways to take care of God's Creations. Recycling, using less plastic bottles, and carpooling were some of the ideas the kids came up with!

### Extra News

Grandparents Day is planned for September 9. Please make sure your reservation is turned in.

### What Are We Learning in Math?

This week the class practiced writing their numbers in shaving cream!!! They loved it! They also played a counting game that involved every student. They lined up in a circle and each student counted in a sequence to a given number.

No school on Monday, September 5 in observation of Labor Day!

## Kindergarten Class 2016-2017
